VETERAN MOONSHINER KILLED BY POSSE

**Bad Man Of Bell County Shot
To Death By Revenue Men
And State Officers**

Pineville, Ky., July 18—In his home on Brownie's creek, three miles east of Cubage, where ten years ago he shot and killed Deputy Sheriff Ed Meece rather than submit to arrest, Henry Wilson, 49, a noted moonshiner, was shot and mortally wounded at daybreak Sunday morning. Wilson was killed by a posse made up of revenue men and state officers sent to effect his arrest. He escaped from the Mt. Vernon road camp in Rockcastle county, June 5, last, returned to his old home and had again engaged in moonshining operations. He is survived by his widow and four children.

There were a score of men in the posse that reached Wilson's cabin home at 4:35 o'clock Sunday morning. State Road Superintendent Charles Green was in charge. He was accompanied by Deputy Sheriff John Wilson and Henry Jackson and two guards from the reformatory. Prohibition Agents J. M. Kavanaugh, of Lancaster, and Sam J. Watkins, of Jackson, and Deputy United States Marshal Charles Stewart were in charge of the government squad sent out by C. L. Winfrey, enforcement officer at Somerset. Winfrey himself was unable to take part in the expedition, owing to a serious injury to his leg suffered in a raid several days ago.

Just at daybreak the posse approached the home of Wilson and surrounded it. Green walked up to the door and knocked. At first there was no response. Suddenly the door was thrown open and Wilson, armed with a huge revolver, demanded to know what was wanted of him.

Green calmly told him: "You're under arrest."

The moonshiner started to lift his gun. Green stepped to one side and three bullets from high-powered rifles of members of the posse found their mark in the tall man's body.

Members of the posse bound up the moonshiner's wounds and immediately started with him to Pineville. In the report made to United States Commissioner J. C. Rollin by government men, Wilson was quoted as saying on regaining consciousness: "Well, boys, you got me, all right; I am sorry for only one thing—I would have liked to have taken a few of you along with me. If you had come any other time of the day you would have found me hard to catch." He died three and one half hours after being shot, as the posse reached the outskirts of Pineville.

Wilson, it is said, had spent practically all his life in moonshining. Ten years ago he was indicted in the federal court on two counts. The warrants were given to Ed Meece to serve. Meece was shot down in his tracks as he stood before the mountaineer's door.

Wilson escaped and was not arrested for three years. When tried he was given a sentence of from seven to ten years in the reformatory. His term was virtually up when he made his getaway from the road camp. He had previously served time in the Atlanta penitentiary for moonshining.

**Grand Jury Exonerates
Mrs. Faulconer In Fayette**

Lexington, Ky., July 18—Declaring that no shortage exists in the funds of the Fayette county school board, and suggesting that Dr. Gilbert Baily, chairman of the recently elected school board, resign, the report of the Fayette county grand jury, in dealing with the affairs of the old board were handled intelligently.

That the old board and Mrs. Faulconer, the county school superintendent, in particular, had been suspected of a shortage in the school funds of more than \$100,000 is a "ridiculous statement on the face of it," is the declaration of the jury.

The grand jury "severely criticizes" the superintendent for failure to preserve all checks and the manner in which the books and records have been kept.

Weather For Kentucky

Thundershowers tonight or Tuesday; not quite so warm Tuesday.

Louisville, July 18—Cattle 2,000 slow; tops \$7; hogs 1,500; steady; tops \$10.75; sheep 1,800; lower; \$4 down; lambs \$10; choice higher.

WILSON'S LETTER TO LLOYD-GEORGE PRINTED

(By Associated Press)

Washington, July 18—A letter from former President Wilson to British Premier Lloyd George declaring the United States did not consider a proposal to cancel or exchange Britain's indebtedness to this nation was placed in the Congressional Record today by Senator Todd, republican. The letter was dated October 1920 and said that suggestions looking to cancellation or exchange were made to Wilson in Paris. The communication was apparently in reply to the British premier's letter made public last week in the Senate finance committee's hearings.

RAILROADER KILLS ANOTHER AT RAVENNA

Ravenna, Ky., July 18—James Lucas was shot and instantly killed by Johnny Clay at the home of the latter here Sunday. A quarrel is said to have ensued between the two men when Clay returned at noon from work at the L. & N. roundhouse where he is employed and found Lucas in his home. Clay claims that he shot Lucas in self defense when the latter made a movement toward his hip pocket. Lucas is also an employe at the roundhouse. Clay surrendered to Chief of Police Jack King immediately after the shooting and was placed in the Irvine jail.

TELLS ABOUT SEVERE DROUTH IN NORTH KY.

New York, July 18—The long-continued drought has played havoc with the crops in Northern Kentucky, according to Isaiah H. Cobb, of Louisville. There was a water famine, he said, in Kenton, Campbell, Boone and Pendleton counties and as a result the stocks of many farmers have gone dry, making life miserable for the people of the afflicted counties.

"Fear is expressed that the loss of cattle will be enormous," said Mr. Cobb, who recently completed an automobile tour through the northern section of his native state. "It has been the most serious drought in a long time. Some of the farmers told me they could not remember when they went through such a seige. Unless rain falls soon many of them will despair of ever recuperating from the setback they now are suffering."

"On Campbell county farmer told me he had lost 60 per cent of all his young fowls hatched this spring because of the extreme heat. Thousands of young chickens throughout the county are dying for lack of water. Creeks and springs there, never known to fail, have dried up. All in all, it is a sorry state of affairs, and if it continues longer it may even have its effect upon persons living in near-by cities, who will be forced to go without many farm products and pay higher prices for those they are able to obtain."

648,499 School Children In State

Frankfort, Ky., July 18—The scholastic population of Kentucky gained 1,930 the last year, largely estimated on a three year basis. The total number of school children in the state is 648,498, of whom 442,290 are in the rural common schools, 140,040 in the city schools and 44,249 in independent rural graded schools.

DR. McLELLAN HERE EN ROUTE HOME

His many friends here are welcoming back to Richmond Dr. Hugh McLellan former pastor of the First Christian church of this city. Dr. McLellan is returning to his home at San Antonio, Texas, from Glasgow, Scotland, where he attended the world's convention of Rotary clubs. Dr. McLellan was a delegate from the San Antonio club. He will be the honor guest of a river party Monday evening at which Mr. and Mrs. R. E. Turley and other local friends will be hosts.

2,000 PEOPLE IN WATER AT ONCE

What is said to have been the largest crowd ever seen at Boonesboro bathing beach was on hand Sunday and enjoyed the water all day long. Dr. D. J. Williams, who looks after the comfort of his guests, said that there were 2,000 people in the river at one time. They came from all over this part of Kentucky.

The demand for cottages for campers far exceeds the supply. Boonesboro is getting to be the best known summer resort in this part of the state and accommodations are sought constantly.

Two of the large cottages are occupied by a jolly bunch of campers from Lincoln county, who are putting in the time fishing, swimming and enjoying the sulphur water at the old spring. In the bunch are Mr. and Mrs. P. L. Beck and family, Mr. and Mrs. Harry Hill and family, Mr. and Mrs. J. H. Wright and family, Mr. and Mrs. Henry Fields and family, Mrs. W. J. Dozier and two sons, Mr. and Mrs. E. T. Pence, Sr., Mr. and Mrs. Alfred Pence and family, Miss Levisa Harris, Miss Virginia Dinwiddie, Marion Fields and three sisters, Claude Dinwiddie, William Duderer and Robert L. Davison, Jr.

BEER REGULATIONS MAY COME SOON

Washington July 18—Delay in passage of the Willis-Campbell anti-beer bill again has caused the Treasury department to warn dry leaders that, unless it is disposed of soon, regulations for the prescription of medicinal beer will be promulgated forthwith.

The regulations, legal under the ruling of former Attorney General Mitchell Palmer that the Volstead act does not prohibit beer for medical use, were ready to be issued two weeks ago when the Willis-Campbell bill was immediately jammed through the House.

Unexpected opposition in the Senate has caused the dry forces much worry and while there is small doubt of a safe majority for its passage, yet the foes are increasing numerically daily, as they sound the sentiment of their communities. It may pass this week.

With the backwash of this opposition there is being raised on the Treasury department the demand that it issue the regulations and between the two fires Commissioner of Internal Revenue David H. Blair is expected to act shortly.

Woman Tarr'd And Feather'd

Shreveport La., July 18—Mrs. Beulah Johnson was taken from the porch of a hotel at Tenaha, Texas, stripped, tarred and feathered according to advices reaching here today.

The attack on Mrs. Johnson, which took place last night, was said to have been made by masked men wearing white uniforms. They are said to have driven in to the hotel in three automobiles and filed out displaying firearms, and to have taken the young woman into one of the cars.

The automobile proceeded to a point several miles in the country where Mrs. Johnson's clothing was removed and a coat of tar and feathers was given to her. She then was placed in the automobile and returned to town. Mrs. Johnson says she did not know any of the men in the party.

LADY SURMA OF ASSYRIA

Lady Surma of Assyria

In the future the Assyrian will not "come down like a wolf on the fold," for a woman is to head the government of the new Assyrian nation. Lady Surma is expected to be the first woman president in the world—as she has been the first woman ambassador—so soon as the national parliament of the Assyrians is organized. Great Britain recently assigned a little territory comprising 80,000 square miles in the mountains of Kurdistan to the Assyrian people. Lady Surma obtained this concession from the British government, having acted as ambassador at London. She is an accomplished linguist and has been thoroughly educated under the guidance of British tutors. Her brother, Mar Chimon, was patriarch of the Assyrians. He was murdered.

The trouble started over the division of a potato crop which Gilbert had put in on Honaker's farm. Gilbert, who was arrested and lodged in jail here, charges that Honaker called his wife to bring his shot gun and that as she approached he drew his revolver and fired. He has a wife and 12 children. Honaker is survived by his wife and stepdaughter.

The families moved here from Lee county, Virginia, about a year ago.

GIBBONS TO FIGHT CARP. IN OCTOBER

(By Associated Press)

New York, July 18—Tom Gibbons, of Saint Paul today was matched to meet Georges Carpentier in October for the world's light heavy weight championship.

Legion Post Pledges Johnson Its Support

Chicago, July 18—The Sol-Sai Maar Post of the American Legion has pledged Jack Johnson its full support in a match with Jack Dempsey heavyweight boxing champion, and will immediately start a campaign among other legion posts favoring such a match. It was announced today.

Speakers at a banquet given Johnson by the post which is made up entirely of white men, praised Johnson for his war time work, saying he was engaged in government secret service, and condemned Dempsey. The war record of the two men made it imperative that Johnson regain the title from Dempsey. Captain John P. Tansey, commander of the post said.

UP TO DATE BUT-- SHORT A MILLION

(By Associated Press)

Austin, Minn., July 18—R. J. Thompson, comptroller of the Hermit Packing Company, was arrested today charged with misappropriating a \$10,000 check of the company. Thompson, it was announced, admitted misappropriating \$150,000. Thompson's cattle farms near here, are famous show places. His electric fan system for driving flies in the cow barns to death in gas filled chambers, and a steam heated pig barn attracted much attention.

A Million Short

500 INDICTMENTS FOR 'SHINERS IN ELLIOTT

Frankfort, Ky., July 18—More than 500 indictments on liquor charges have been returned by the grand jury at Sandy Hook, Elliott county, according to a telephone message received here from Capt. D. L. Thompson, in command of a detachment of state guards protecting the court here.

Capt. Thompson told Appt. Gen. Jackson Morris that citizens taking courage due to the presence of troops, have testified freely before the grand jury and the spirit of law and order appears to be dominant now. Most of the indictments charge moonshining.

KILLS STEP FATHER- IN-LAW OVER POTATOES

Danville, Ky., July 18—Isaac Honaker, 60 years old, was shot six times by his stepson-in-law, Walter Gilbert, 40, late Friday afternoon at his farm about four miles from this city and died two hours later at the hospital here.

The trouble started over the division of a potato crop which Gilbert had put in on Honaker's farm. Gilbert, who was arrested and lodged in jail here, charges that Honaker called his wife to bring his shot gun and that as she approached he drew his revolver and fired. He has a wife and 12 children. Honaker is survived by his wife and stepdaughter.

The families moved here from Lee county, Virginia, about a year ago.

MISS JANE BRECK IN DR. CRABBE'S SCHOOL

Jane T. Breck is one of a quintet of pretty Kentucky school-marm ably representing the state among the great army of public school teachers, principals and superintendents attending the summer school at Colorado State Teachers College in Greeley, Colorado.

A former Kentuckian is the head of the college in Greeley, namely Dr. J. G. Crabbe, formerly president of Eastern Normal. Thirty-two states are represented in the 3,100 students enrolled at Colorado State Teachers College for the summer school. The other four Kentucky teachers enrolled as students being Addie B. Atkins, of Mayfield, Mabel C. Mitchell, of Paducah, K. C. Goodman, of Coston, and Rosalie Mudge, of Covington.

THREE GAMES IN LEAGUE THIS WEEK

There are to be three games to be played in the Church League this week. They are to be played Monday, Wednesday and Friday. The game Monday is between the Catholics and Second Christians.

The Baptists and First Christians play Wednesday. This is going to be a great game between the first and second players. The Baptists hope to shorten the "Campbellites" lead while the First Christians think they can practically clinch the flag by winning this game. This is going to be one of the hardest struggles of the year and a large crowd is expected to be at the game. The Presbyterians, who valoped the First Christians so easily meet the Second Christians in the last game of the week which is played on Friday.

Nearly Drowned Trying To Rescue Negro Girl

Paris, Ky., July 18—Matilda Kellis, 8 year old daughter of Andrew Kellis, negro racing stable caretaker, was swinging from the end of a rope out over Stoner Creek last yesterday afternoon when she lost her hold and fell into the water. William Williams, a railway mail clerk, plunged into the creek without removing his clothes in a futile effort to save the girl. He came near losing his life and had to be assisted to shore.

Where The Money Goes

Washington, July 18—Despite Great Britain's debt of \$4,500,000,000 to this country, payment of \$32,688,352 has been made by the American Government to the British Ministry of Shipping in settlement of a claim against the War Department, Treasury officials said Saturday. The payment was made, officials said, pursuant to an opinion of Attorney General Harry M. Daugherty.

REAL BAD MAN IS ARRESTED AT RAVENNA

Chief of Police Jack King and L. & N. detective Worrell arrested a sure-nuff bad man last week in the person of Ernest Crawford colored, says the Ravenna Herald. Crawford was wanted in Beattyville on seven different charges. It seems he has a mania for using a gun. He shot into the postoffice at Beattyville, resisted arrest by a deputy sheriff of Lee county by knocking him down and taking his pistol away from him, shot three times at Herman Masters, an L. & N. brakeman, residing in Ravenna, while Mr. Masters was on the job between here and Beattyville, and shot another man who is in a hospital now in a serious condition. After his arrest he was hurried back to Beattyville by detective Worrell to stand trial on the seven charges.

WACO GETS REVENGE ON RICHMOND NINE

The Waco club won a ball game from a team representing Richmond on the Waco grounds Saturday by a score of 10 to 2. The team that went out from town was not of as high a standard as the two previous teams that were victorious over Waco. The Wacoites solved the delivery of John Parks and swatted his offerings to the distant parts of the lots. He was relieved by Russell Turpin, who, after one inning, settled down and proved invincible for the last three rounds.

The Waco team used Robinson at second and this young player proved to be a real star at the keystone position. He handled himself more like a ball player than any other member of the team with the possible exception of George Ginter, who is an old-timer at the game. With a little more experience he will be in now one of Waco's young bright lights. Robinson is a natural hitter.

1,200 CONVICTS RIOT IN PITTSBURG PEN

Fire Breaks Out and Police and Firemen Help Fight Flames and Prisoners

(By Associated Press)

Pittsburg, Pa., July 18—A riot among 1,200 desperate prisoners in the Western penitentiary here today was followed by a fire which destroyed ten frame factory buildings within the enclosure. Five riot calls brought city policemen to the scene and fire alarms brought nine fire companies. Police, with riot guns, and armed guards within the enclosure, held the convicts at bay, while firemen fought the flames. The first reports of the outbreak contained no other details.

While incidents inside the walls were kept secret, Charity Director McKelver announced he had sent five physicians to the penitentiary in response to appeals for aid. Meanwhile a number of ambulances reached the prison. At that time the guards were still further strengthened and all but officers were rigidly excluded. No statement was made as to what is going on inside the prison although it appeared early in the afternoon the fire was under control. Persons outside the prison say they heard a series of shots and shrieks from prisoners.

LIQUOR SMUGGLERS TAKEN FOR PIRATES

Atlantic City, N. J., July 18—Pirate yams and reports of a mysterious ship lurking along the North Atlantic trade lanes may be explained by the discovery of liquor blockade runners which are landing contraband cargoes on the Jersey Coast. Maritime circles have been agog with stories of vessels approaching merchantmen and dashing off in the darkness. Revenue agents said today these actions are explained by the liquor laden ships looking for a friendly vessel to transfer their liquor cargoes and not finding such a ship, scuttled away without answering. Whisky valued at \$20,000 recently seized near Wildwood, N. J., gave a clue to the situation. Previously a steamer was seen manipulating just outside the three mile limit. Prohibition officers said today there is no doubt that smuggling intoxicants on this coast is conducted on a tremendous scale.

MOTORMAN SAYS HE WAS UNEQUAL TO JOB

**Louisville Man Draws More Pay
Since Health Has Been
Restored**

"I thought I would have to hand in my cap and badge on account of the awful health I was in, but I am like a new man now," said T. H. Monroe, 220 South 18th street, motorman on the Preston and 18th street car line, Louisville, Ky.

"I was losing from four to eight days every month on account of being laid up, for I just felt so weak and miserable I wasn't equal to running a car. My trouble started with my stomach and for three years I never knew what it was to have a well day. No matter what I ate I suffered just the same from gas on my stomach. It bloated me up so I would have to gasp for breath. "Tanlac helped me in every way, gave me an appetite, put my stomach in apple order and brought back my strength. I figure that Tanlac has been worth hundreds of dollars to me, as I now not only draw more pay but I am not spending a good part of my wages for medicines. Like I used to do. I wouldn't give one bottle of Tanlac for all the other medicines in the drug store." Tanlac is sold in Richmond by Stockton and Son, and leading druggists everywhere. It

Please do not send unimportant items, such as visits between neighbors. Persons of people visiting from other counties or where home people go to another county are always wanted. Also send all items such as deaths, births, marriages, accidents, fires, burglaries, land sales, live stock sales, changes of firms, church services, school and public meetings, etc. If a death or other important item occurs after you have mailed your correspondence call phone 69 and we will write the item in the office after learning the particulars. We appreciate your good work in sending in items, but it will improve your department as well as the paper in general if the above rules are followed.

Here's Some More "Normalcy"

(Cincinnati Post)

A calf was shipped to Cincinnati by H. R. Reynolds, of Pikeville, Ky.

He wanted the Flatow & Reilly Co., of Walnut street, to sell the calf for him on commission. Prices are so low now that all the commission merchants were able to get for Reynolds' calf was \$10.04.

But while prices are down express rates remain so high that it cost \$11.87 to ship Reynolds' \$20.04 calf to Cincinnati. So that instead of making any money on his calf Reynolds lost \$1.83 cents on the deal. Besides he must pay the commission merchants 50 cents for handling the calf.

But Reynolds is not the only victim of low prices and high freight rates, according to Cincinnati business men. The woes of life on the farm just now are being told to a joint agricultural committee of Congress by Gray Silver, spokesman for the Ohio farmers. He told Saturday about a Champaign county farmer who shipped alfalfa hay to Cincinnati, receiving \$14 a ton. His freight, commission and handling charges were \$11 a ton.

69 Below Zero Is Found By Aviator
Paris, July 16—Lient. Kirsch, the French aviator, is declared to have reached an altitude of 10,600 meters (about 34,768 feet) today in an unofficial attempt to break the world's altitude record.

Although the official world's altitude record, made by Capt. R. W. Schroeder, of the U. S. Army, at Dayton, O., February 27, 1920, is only 33,000 feet it is thought probable that the Aero Club of France will not certify Lient. Kirsch's record.

AN ORDINANCE

Providing for the issuance of Eighty Thousand Dollars' worth of School Improvement Bonds.

Whereas, it appears from the certificate of the County Clerk and the Board of Election Commissioners of Madison county, that at the election held on June 17th, 1921, more than two-thirds of the qualified voters of the city voted in favor of incurring an indebtedness of Eighty Thousand (\$80,000.00) Dollars, for providing funds for constructing a new school building and for other school purposes, and in favor of an annual tax upon all the property, real and personal, in said city, sufficient to pay the interest on said indebtedness, as it falls due and to constitute a sinking fund for the payment of the principal thereof, within a period of not more than twenty years from the time of contracting said indebtedness; and

Whereas, the Board of Education of the city of Richmond has certified as required by law that

said bonds shall be in either denominations of \$500.00 or \$1,000.00, as the purchaser might elect, shall bear six per cent interest per annum, payable semi-annually from date until paid, and that twenty-five per cent of the total number of bonds, or Twenty Thousand (\$20,000.00) Dollars, par value of said bonds shall mature at the end of five years from the date thereof, and thereafter five per cent of Four Thousand (\$4,000.00) Dollars par value shall mature annually, and that each individual bond shall have a date of maturity, so that the bonds will mature as above set forth.

Now, be it ordained by the Board of Council that said indebtedness of Eighty Thousand (\$80,000.00) Dollars, for the purpose above stated, shall be created by the issue and sale of not exceeding One Hundred and Sixty bonds, of the aggregate par value of not exceeding Eighty Thousand (\$80,000.00) Dollars, payable as follows, to-wit:

Twenty Thousand (\$20,000.00) Dollars of said principal indebtedness shall be payable at the expiration of five years, after date of their issue, and the remainder

of said indebtedness shall be payable in annual installments of Four Thousand (\$4,000.00) Dollars each. That said bonds shall bear interest at the rate of six per cent from date, payable semi-annually, and shall have attached thereto interest coupons to be signed by the Mayor of the city of Richmond, and Clerk of the Board of Council, and shall be made payable, principal and interest, at the Mechanics and Metals Bank of New York City, New York.

Be it further ordained that there shall be levied annually hereafter a tax on the real and personal property, subject to taxation in the city of Richmond, sufficient to pay the interest upon said bonds and to create a sinking fund at the rate of Four Thousand (\$4,000.00) Dollars per annum. That after said bonds have been prepared and executed in conformity herewith, that they shall be turned over to the Board of Education of the city of Richmond for sale and delivery. Said bonds shall be signed by the President and Secretary of the Board of Education, and shall not be sold for less than par and accrued interest.

SWIFT PRODUCE REVIEW

Hot weather throughout producing sections has resulted in a decreased production of butter but despite this a larger quantity is reaching the markets than is required for current consumption and this surplus is being placed in storage.

The United States Department of Agriculture reports comparative holdings in storage July 1st as follows:

1921 63,750,000 pounds; 1920 52,526,000 pounds; excess 11,224,000 pounds.

Eggs are showing the effect of hot weather and markets generally ruled lower at the end of the week. The Department of Agriculture reports comparative holdings in storage July 1st as follows:

1921 7,450,000 cases; 1920 6,747,000 cases; excess 703,000 cases.

The volume of spring chickens moving is increasing with each week as chickens reach the marketing age.

Morgan's Man Dies

Col. R. T. Bean, 78 a member of Morgan's command in the Civil war, died at Wichita, Kas., Saturday. Colonel Bean was born near Mt. Sterling, Montgomery county, and served throughout the Civil war as one of "Morgan's men." At the close of the war he was engaged in the wholesale and retail grocery business in Mt. Sterling for many years. He spent two years in Louisville. Almost thirty years ago he removed to Wichita to engage in the real estate business when the boom hit that section of Kansas. He was the father of Richard M. Bean, president of the Louisville National Banking Co.

BREED OF TAILLESS SHEEP HOPED FOR

(By Associated Press)
Lexington, Ky., July 18 — A breed of sheep without tails some day may be one of the exclusive products of Kentucky, if experiments which are to be undertaken in the near future by the Kentucky Agricultural Experiment Station runs true to form. The station has purchased a tailless ewe from J. W. Mattingly, of Marion county and will breed the freak to a tailless ram obtained from a northern Kentucky sheep raiser in an effort to develop a breed of sheep without tails.

The experiment will be started this fall. Such a breed of sheep is possible, according to L. J. Horlacher, in charge of the sheep at the station. He says the breed of polled Hereford cattle was started in 1903 by mating two hornless animals. A number of tailless lambs probably will be obtained from the first cross of the two tailless individuals and the experimenters hope to build up an entirely new breed from these lambs.

Several tailless sheep have been born in Marion county this year Mr. Horlacher says. The ewe purchased by the station was sired by a Southdown ram. Her dam was a high grade Hampshire.

The tailless ram owned by the station also will be bred to several long-tailed ewes to determine the results of such a cross.

A breed of sheep without tail would be an enormous improvement over present breeds. Mr. Horlacher says. Long-tailed market lambs and sheep are not desired and before the highest price can be realized on them their tails must be docked. Should the experiment result in developing a breed of tailless sheep, farmer who raise market animals will be spared the time and expense of clipping their tails before placing them on the market.

FARMERS ENROLL FOR BETTER SIRE

(By Associated Press)
Lexington, Ky., July 18—Approximately 80 farmers in ten Kentucky counties have enrolled in the better sires-better stock campaign by agreeing to use no thing but purebred sires for breeding, says Wayland Rhoads, extension specialist in beef cattle production from the College of Agriculture, Enrollment of farmers in the campaign which has just been introduced through cooperation of the Louisville Livestock Exchange, the Kentucky Purebred Livestock Association, the College of Agriculture and U. S. Department of Agriculture will be continued indefinitely in an effort to replace all scrub breeding animals on farms of the state, Mr. Rhoads says.

Christian county leads the list of counties entered in the campaign. Twenty-six farmers of that county have enrolled and received certificates issued by U. S. Department of Agriculture. Graves county is next with 11 farmers enrolled and Taylor county, with one less, is third. Daviess county, with eight; Campbell, seven; Ohio, six; Owen, five; Mason, three; Hart two, and Bullitt, one, follow in the order named.

FIVE AUTO SALES IN PAST WEEK

The people of Madison county seem to be blocked with automobiles as the sale of cars is not as great at this time as a year ago. Local garages are not pushing the sale of cars and a good many people have old cars to trade in on new ones. The garages, also, have busy weeks and then some dull ones. On the whole sale of automobiles has been quite good considering the times. The Dixie Auto Company made only one sale in the last week which was a special Studebaker six to Mr. J. A. Owens, of Crab Orchard. The Richmond Motor Company sold Fords to Mr. W. R. Woolery, of Panola, and Messrs. S. Q. Royce, Wash Dykes and Edgar Doty.

COMMISSIONER'S SALE

Rosa Broadbudd, &c, Plaintiffs, vs. Petition.

Pursuant to judgment and order of sale entered in the above styled action by the Madison Circuit court at its May term, 1921, he undersigned Commissioner will expose to public sale to the highest and best bidder on the premises on

Wednesday, August 3, 1921

at the hour of 10 o'clock a. m., the following described property:

A certain tract of land on the waters of Jackson's branch in Madison county, Ky., about one mile from Newby, and described as follows: On the north by the lands of T. G. Perkins; on the east by the lands of Lawson Reynolds; on the south by the lands of F. J. Perkins; and on the west by the lands of T. M. Perkins and the waters of Jackson's Branch, containing 75 acres.

This is a very rich piece of land in a high state of cultivation and a splendid neighborhood.

Terms—Said land will be sold on a credit of six and twelve months, the purchaser being required to execute sale bonds payable to the Commissioner, with approved security, and bearing 6 per cent interest from day of sale said, with a lien retained on the land until said bonds and interest is fully paid.

R. B. TERRILL, Commissioner.

NOTICE TO CONTRACTORS

Sealed bids will be received by the State Highway Commission, at the office of the State Highway Engineer, Old Capitol Building, Frankfort, Ky., until 2 p. m. on the 28th day of July, 1921, for the improvement of the Richmond-Vinechester and Richmond-Berea roads, beginning at the Kentucky river and extending to Stoner Run; beginning at city limits of Richmond and extending to Fort Estill; and beginning at city limits of Berea and extending to Kingston; a distance of approximately 12.31 miles in Madison county.

These roads are officially known as State Project No. 50 and No. 5 Sections 1 and A, on the State Primary System in Madison county.

This improvement will consist of applying bituminous surface treatment and covering with stone chips or crushed gravel in accordance with specifications.

Instructions to bidders, forms of proposals and specifications may be secured at the office of the State Highway Engineer, Old Capitol Building, Frankfort, Ky.

Each bidder must accompany his bid with a bond or certified check for \$500 payable to the State Treasurer, credit of the Department of State Roads and Highways.

The right is reserved to reject any and all bids.

APPROXIMATE QUANTITIES
34,000 Gal. Medium Oil or Tar.
1,000 tons Stone chips or crushed gravel.
191,000 square yards cleaning surface.

AVOID HOME BREW, SAYS THIS DOCTOR

(By Associated Press)
Louisville, Ky., July 18—A warning against home brew and a boost for buttermilk is contained in the suggestions of the chief surgeon of a casualty company on how to avoid heat exhaustion and sunstroke. Industrial plants in Kentucky are being asked to post the suggestions where employees may read them.

"Avoid home brew and other alcoholic drinks," the warning says. "Alcohol in the system makes one especially susceptible

to heat prostration. Buttermilk is good—nourishing.

"Drink plenty of water—it produces perspiration—keeps one cool by evaporation. Two and one-half or three gallons of water are required for a working man in the sun on a hot day. Ice water is not recommended."

Mr. L. C. Morgan and daughter left Sunday for London, for a visit with relatives and friends.
